RING SIZE GUIDE

Please follow the following steps to find out your ring size

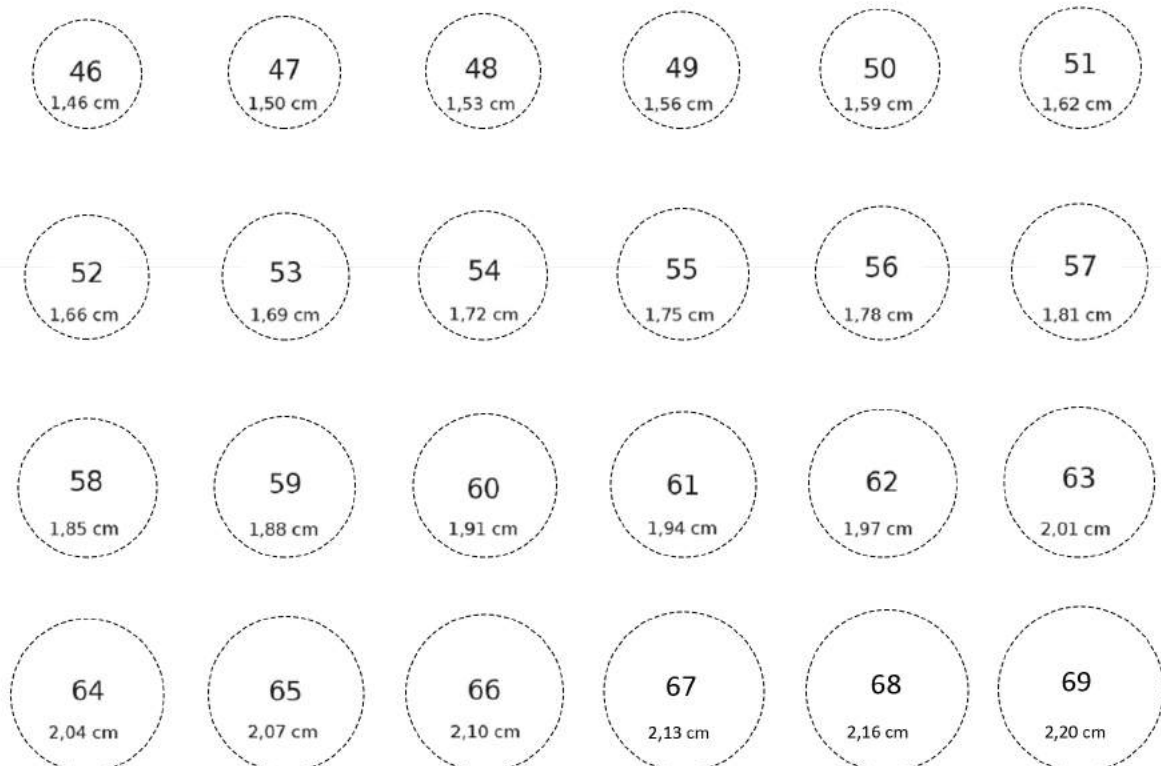

Print this guide

Please check your print window that the page is printed at "100% Actual Size".
Once your ring sizer has been printed, use a ruler to make sure the 10cm line below measures 10cm.

Know your size

Use one of your rings on the same finger and place it on the dotted circles.
Your size corresponds to the circle with the dotted lines that appear at the inner edge of the ring.
You can also measure the inside edges of your ring with a ruler, which will give the diameter in millimeters corresponding to a size of one of the circles below.
